# DuraLabel® 9000 PS

The DuraLabel 9000 PS gives you the freedom to print signs and labels on demand. No network connection or IT support is needed. Just use the touchscreen tablet loaded with our latest safety compliance software to design and print visual communication solutions for your entire facility.

## Software

The DuraLabel 9000 PS comes loaded with visual communication software: LabelForge for custom sign and label creation, OpenOffice.org Writer, Draw and Spreadsheet, a 1800+ symbol library and DuraSuite software for safety compliance including arc flash, pipe marking, GHS/HazCom 2012 and more.

### Make General Purpose Signs as Large as Traffic Signs

- Automated design process
- Print signs in any language
- Save sign designs for future use
- Easy to use

The traffic sign on the left was created with a DuraLabel 9000!

### Sign & Label Template Library

- Microsoft Word & Excel
- OpenOffice.org

### Industrial Symbols Library

- Over 1800 useful OSHA & ANSI-compliant symbols & graphics

## Tablet & Keyboard

The brain behind the DL9000 PS is its 10" touchscreen tablet that is seated in an ergonomically adjustable bracket attached to the printer. Use the touchscreen to select your sign or label elements or use the convenient stylus. The DL9000 PS also comes with a traditional QWERTY keyboard and wireless mouse.

## Applications

- OSHA-compliance
  - Arc Flash
  - NFPA
  - Valve Tags
  - Pipe Markers
  - Maintenance
  - Traffic Control
  - 5S & 6S
  - Hazardous Material
  - Kaizen
  - HazCom 2012
  - Barcoding
  - Safety
  - Bilingual
  - Batch
  - Security
  - Aisle Markers
  - Vehicle Identification
  - Equipment Identification
  - Electrical
  - Wayfinding
- Endless applications!**

### DL9000 Sign & Label Printer

You may not need your sign and label printing system to be independent of your network. If you have multiple users or prefer to use your computer, we offer just the DL9000 sign & label printer as an option. It comes with a CD loaded with DuraSuite safety compliance software, LabelForge custom label software, sign template library, and a 1800+ symbol library. Printer specifications and range of vinyl supply sizes and colors are the same. The DL9000 is an economical alternative to the DL9000 PS for large-format printing.

# Supplies

## Industrial-Strength Vinyl

Premium vinyl is available in widths from 4" up to 9". This durable industrial-grade vinyl is resistant to chemicals, moisture, abrasion, and fading! **Available in over 30 colors** including:

For additional specialty colors call 888.637.3893

**FIVE YEAR WARRANTY:** If labels made with Premium Vinyl fail within five years of purchase, we will provide a one-time replacement roll of the same supply.

## Specialty Supplies

### Reflective Vinyl Tapes

Comes in a variety of colors. Reflective signs and labels are great in low-light environments.

### DuraTag™ (Tag Stock)

Print directly on this tear-resistant tag stock. Create custom designs!

### BoldGlo Phosphorescent Tapes

Glow for hours providing extra visibility in dark conditions. Ideal for labeling emergency exits, handrails and stairs (NFPA 101 and OSHA-compliant).

### Two-Color Vinyl Tapes

Create custom large-format OSHA, ANSI, NFPA-compliant safety signs with ease for your facility.

## Ribbon

Ribbons are chemical-resistant to produce signs that withstand harsh environments. Ribbons are available in seven colors.

## Die-Cut Labels For Compliance

### Arc Flash Labels

- Red DANGER header
- Orange WARNING header
- Comply with NEC, NFPA 70E, CSA Z462

up to 8.8" x 12.8"

### NFPA/RTK Labels

- NFPA labels comply with NFPA 704

up to 6.8" x 10.5" (NFPA)

up to 8.8" x 8" (RTK)

### DANGER, WARNING and NOTICE heading labels

- Customize messages
- Indoor/outdoor applications
- Comply with ANSI Z535 and OSHA requirements

up to 8.8" x 12.8"

# Accessories & Kits

## Sign Blanks

Durable backings for large signs. Available in plastic, aluminum, corrugated, reflective, and steel backing material.
