

Globally Harmonized System (GHS)

1.4.10.5.4.1 Location of GHS information on the label

“The GHS hazard pictograms, signal word and hazard statements should be located together on the label. The competent authority may choose to provide a specified layout for the presentation of these and for the presentation of precautionary information, or allow supplier discretion.”

For more information, please consult the United Nations Economic Commission for Europe (UNECE) and the Occupational Safety & Health Administration (OSHA).

GHS Sample Label

Product Identification See Safety Data Sheet for Product Name and Product Code .	Acetylacetone UN No. 2310 EC No. 204-634-0 CAS No. 123-54-6

Pictograms Show potential hazards with GHS symbols.	
Supplier Information List name, address, and phone number of product supplier or manufacturer.	Jefferson Chemicals 12345 Main St. Springfield, OR 99999 USA 5035555555 CONSULT SDS FOR ADDITIONAL INFORMATION ON HAZARDS

GHS Pictograms

Corrosion

- eye damage
- corrosive to metals
- skin corrosion/burns

Exploding Bomb

- explosives
- self-reactive
- organic peroxides

Health Hazard

- carcinogen
- mutagenicity
- reproductive toxicity
- respiratory sensitizer
- target organ toxicity
- aspiration toxicity

Flame

- flammables
- pyrophorics
- self-heating
- emits flammable gas
- self-reactives
- organic peroxides

Exclamation Mark

- irritant (skin & eye)
- skin sensitizer
- acute toxicity (harmful)
- narcotic effects
- respiratory tract infection
- hazardous to ozone layer (non-mandatory)

Environmental (non-OSHA)

- aquatic toxicity

Gas Cylinder

- gasses under pressure

Flame Over Circle

- oxidizers

Skull & Crossbones

- acute toxicity (fatal or toxic)
