DuraLabel TORO[®]

Portable Standalone Label & Sign Printer

13.5"W x 10.25"D x 8.5"H

Call **011 972 2460** or visit us at www.hightechimpressions.co.za

DuraLabel TORO

Toro is DuraLabel's most advanced label printer. Toro comes complete in one lightweight unit. With optional battery power, Toro can make labels on the spot when and where you need them.

Standalone Capability

Toro is a completely independent printing system including built-in keyboard, touchscreen and software.

Network Independence

Toro does not require IT support or network connectivity. Toro's embedded software gives you independence.

Mobility

Take Toro anywhere in your facility or to a remote site. Toro weighs in at 13.8 lbs. (without supply).

Toro Supplies

Industrial Strength Vinyl

Supplies are industrial-grade, UV and chemical resistant, durable vinyl which will last for years - indoors and out. This continuous vinyl is available in widths from 1/2" to 4" in 17 standard colors.

View additional and specialty colors at DuraLabel.com

Ribbon

Premium quality thermal transfer ribbons are UV and chemical resistant, engineered to withstand harsh environments. Available in 7 colors. Specialty ribbons also available.

Let Toro do the work. **Smart Chip** automatically recognizes supply types in your printer. See back page for additional benefits.

Applications

- OSHA Compliance
- Arc Flash
- NFPA
- Equipment
- Pipe Markers
- ANSI Compliance
- Lean Manufacturing
- Maintenance
- Electrical Panels
- 5S
- Kanban
- Racks, Shelves & Bins
- Valve Tags
- Barcode
- Kaizen
- Safety
- Lockout/Tagout
- Wire Marking
- Name Tents
- Bilingual
- Aisle Markers and more...

Software Included!

DuraSuite™ Labeling Software

The pre-installed DuraSuite software helps you create labels in a variety of standardized formats, such as GHS and HazCom 2012 labels, NFPA 704 (NFPA Diamond) chemical labels, NFPA 70E Arc Flash labels, and ANSI/ASME A13.1 pipe markers and IIAR ammonia pipe markers.

LabelForge™ Labeling Software

Toro also includes LabelForge for creating completely customized label designs from scratch, using a simple interface. LabelForge gives you the power to instantly create linear and 2D barcodes, add standardized symbols or custom images, and even import data from a spreadsheet.

Extras

The Toro also includes OpenOffice.org software, so you can use labels that have already been designed in common office programs, along with a huge library of pre-made templates and over 1800 industrial symbols.

Save Money with Kits

Many kits are available, including OSHA, Pipe Marking and 5S, or you can customize your own kit. Call **888.637.3893** today.

**We can
customize
your kit.**

Mobile Kit

Take Toro on the go with the Mobile Kit. Includes carrying case for Toro and supplies, and a battery good for three hours of printing in the field.

Specialty Supplies

High-Tack

Adheres to difficult-to-label surfaces - *an extremely durable & permanent solution!*

High-Temp

Designed to withstand extreme temperatures from $-40^{\circ} F$ to $300^{\circ} F$.

Reflective

Comes in a variety of colors - reflective signs and labels are *great in low-light environments.*

DuraTag™

Print directly on this tear-resistant tag stock. *Create custom designs!*

Shared Supplies

Two printers, one set of supplies: Toro and Bronco share supplies, so you can use the same tape in both machines.

NO POWER? NO PROBLEM!

Toro offers an optional battery and charger giving you freedom to print anytime and anywhere without an external power source.

The Toro battery is a Lithium-ion battery that mounts into the back of the Toro. The battery is warranted for 3 years from the date of purchase.

- 3 hour continuous print time (equivalent to 3,600 4"x6" labels)
- 30 hour battery life with printer in sleep mode
- 3 hour charge time when battery is < 10% power
