DuraLabel BRONCO®

Industrial Label & Sign Printer

9.2"W x 11.8"D x 6.3"H

Why Choose Bronco?

- 
Easy to Use
 Design, save, print, and apply labels in minutes. Bronco includes everything you need to quickly and easily print labels for an entire facility. Use the label design software to simplify and streamline the label creation process.
- 
Efficient
 Bronco's small size and quick output makes it a convenient companion in the workplace.
- 
Quality
 Produce sharp and easy to read messages every time in 300 dpi print resolution. No matter the type of label supply, messages will resist smears, chemicals, and UV light.

Applications

- Equipment & Machine Labels
- Maintenance Labels
- Shelf Labels
- Valve Tags
- Safety Labels
- Barcode Labels
- Arc Flash Labels
- 5S Labels
- Batch Labels
- HazCom 2012 Labels
- NFPA Labels
- Wire Wraps
- Pipe Markers
- OSHA Compliance

Software Included!

DuraSuite™ Labeling Software

Create a variety of code-compliant labels such as:

- GHS and HazCom 2012 labels (includes database with info on 1,500+ chemicals)
- NFPA 704 and RTK labels
- Arc Flash (NFPA 70E) labels
- ANSI/ASME A13.1 pipe markers
- IIAR ammonia pipe markers

LabelForge™ Labeling Software

Create completely customized label designs from scratch. LabelForge gives you the power to instantly create linear and 2D barcodes, add standardized symbols or custom images, and even import data from a spreadsheet.

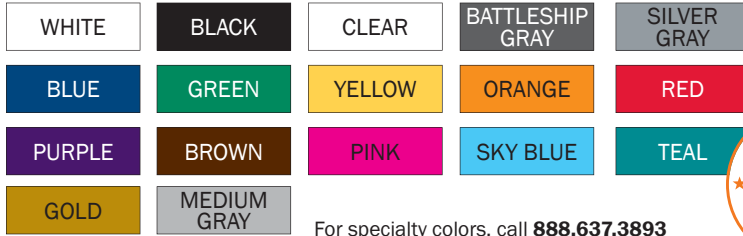

- Library of 1,800+ symbols for label customization
- Free software updates keep you up to date on regulation changes

Supplies

The most durable vinyl available

Industrial-strength vinyl supplies resist UV light, chemicals, and moisture and are made to last for years. This continuous vinyl is available in widths from ½" to 4" in 17 standard colors.

Ribbon

Premium quality thermal transfer ribbons are UV and chemical resistant – engineered to withstand harsh environments. Available in 7 colors. Specialty ribbons also available.

If labels made with DuraLabel Premium Vinyl fail within five years of the purchase date, we will provide a one-time replacement roll of the same supply. For details on DuraLabel Warranties, visit DuraLabel.com/warranty.

Specialty Supplies

DuraTag™

Print directly onto this tag stock. Heat-resistant, tear-resistant and rugged!

Reflective

Available in a variety of colors. Reflective signs and labels are great in low-light environments.

High-Temp

Designed to withstand extreme temperatures from -40° F to 300° F.

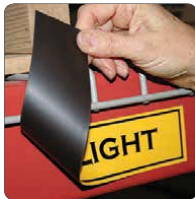

Other specialty supplies available for Bronco:

- Self-Laminating Wire Wrap
- Shrink Tubing
- Repositionable Tape
- Circuit Board Polyimide Tape
- Electrostatic Dissipative Tape
- Fluorescent HiViz Tape
- LN2 Poly Tape
- UL 969 Compliant Poly Tape
- Cold Storage Tape
- Extended-Life Tape

High-Tack

Adheres to difficult-to-label surfaces. An extremely durable & permanent solution!

Double Duty

If you have a DuraLabel Toro, Bronco shares the same supplies. If your facility could use a dual labeling system, the Bronco-Toro combo doubles your output without having to double up on supplies.

Industrial Label & Sign Printer | by Graphic Products, Inc.

Specifications

Printer

- Type: Thermal transfer
- Resolution: 300 dpi
- Maximum print width: 4.0"
- Communication interface: USB 2.0
- Memory: 4 GB flash, 8MB SDRAM
- Cutter: Automatic
- EU RoHS compliant
